How to apply and other important information

From the Director's Desk

I am delighted to introduce Indian Institute of Forest Management (IIFM), located in the city of Bhopal. IIFM constantly endeavours to evolve and apply the principles of management in the areas of Forest, Environment, Natural Resources Management and allied sectors. IIFM has been disseminating knowledge in the ways that promote its application by individuals and organizations that are eventually beneficial to the overall development of the sectors and society, at large.

Our vision is to see IIFM among the leading international institutions in the area of environment, forest and development management and be respected, both nationally and internationally for its outstanding contributions in the fields of education, training, research, consultancy and thought leadership.

Apart from other courses being conducted at IIFM, the Institute also conducts Fellow Programme in Management (FPM). The Fellow Programme at IIFM is a unique programme in many ways. It has been designed to provide in-depth knowledge to scholars interested in learning the application of management principles in the areas of environment, forest and natural resource management. The programme shall prepare the participants for careers in teaching, training, research, and consulting both in academic as well as industry.

I wish you all a fruitful, enriching and fulfilling learning experience at our campus.

Dr. Pankaj Srivastava
Director

ABOUT IIFM

Established in 1982 as an autonomous institution under the Ministry of Environment, Forests and Climate Change, Government of India, IIFM was conceptualized in response to the recommendations of the National Commission on Agriculture. The impetus generated by these recommendations culminated in an alliance with the Indian Institute of Management, Ahmedabad through which the philosophy and raison d'etre of IIFM was evolved. The Swedish International Development Agency also contributed financially and technically in establishing the Institute. Since its inception, IIFM has been made home to some of the most brilliant young minds who are constantly raising the bar of excellence in this dynamic field.

Situated in the City of Lakes, the Indian Institute of Forest Management, Bhopal is uniquely positioned in South Asia in its endeavor to blend the concepts of environment and development management with corporate management expertise.

Objectives

IIFM has been established with the following objectives:

- To provide training in management and related areas to people connected with forestry, forest-related industries and commerce, with a view to acquaint them with the practices of the profession of management.
- To assist, institute and carry out research in the areas of management, allied techniques and methods conducive to the development of forestry.
- To collaborate with educational institutions in any part of the world having objectives similar to those of the IIFM through exchange of faculty, scholars and association in any other manner as may be conducive for the mutual benefits.
- To inculcate a sense of appreciation in those selected for training and emphasizing that conservation is of over-riding importance in the management of natural resources and the role of forests is vital for ecological and environmental sustenance.
- To select and nurture outstanding and talented young students for careers leading to managerial responsibilities in forestry and forest related industries.
- To meet the needs of forestry and forest-related industries by providing information through research, publications and application of the state-of-the-art technology.
- To create patronship, affiliations and other classes of professional or honorary membership or office as the IIFM may consider necessary.

The Activities

Education

- Post Graduate Diploma in Forestry Management.
- Fellow Programme in Management.
- M.Phil in Natural Resource Management.
- Nodal Centre for Doctoral Programme of Forest Research Institute, Dehradun.

Training

The dynamic nature of society and economy makes it imperative for managers and administrators to continuously up-grade their managerial skills to meet new challenges, conflicts and changes in roles. The Institute with an objective to fulfill the growing need of managerial human power and development of managerial capacity in the Environment, Forestry and allied sectors provides an excellent forum to serve the needs of in-service managers and administrators.

Research

The dynamic nature of society and economy makes it imperative for managers and administrators to continuously up-grade their managerial skills to meet new challenges, conflicts and changes in roles. The Institute with an objective to fulfill the growing need of managerial human power and development of managerial capacity in the Environment, Forestry and allied sectors provides an excellent forum to serve the needs of in-service managers and administrators.

Consultancy

The multi disciplinary expertise of IIFM's faculty makes IIFM ideally suited to offer consultancy services in the areas of Forestry, Environment and Natural Resource Management. The subject areas in which IIFM has been providing consultancy support include Agro-forestry, Farm forestry, GEO-Informatics, Livelihood and Conservation, Grassland Management, Rural and Green Marketing, Micro Credit, Joint Forest Management, Eco-development, Waste Management, Climate Change, Ecotourism, Rural Development and Environmental Impact Assessment.

Centres of Excellence

In order to promote research in specialized areas of natural resource management and also to create an excellent cadre of researchers in those areas IIFM has established the following Centers of Excellence:

- International Center for Community Forestry
- Center for Ecological Services Management
- Center for Sustainable Forest Management & Forest Certification
- Center for Livelihood Management
- Center for Policy Studies.
- Center for Application of Management Techniques in Government
- Center for Climate Change Studies.
- Centre of Excellence for IIFM-Industry Interface for Sustainable Development
- Geo-informatics Centre for Forestry, Climate Change and Livelihood support

International Linkages

IIFM regularly participates in various activities at the International level like International Symposia and Congregations. It also has academic collaborations with international organizations like RECOFTC, ITTO, FAO, UNDP, USFS, IDRC, World Bank Cambridge University and Oxford Forest Institute, to name a few.

Infrastructure

Campus

The Institute has a sprawling campus spread over 230 acres located on a lush green hill-top surrounded by water-bodies on three sides. The building-complex includes the Academic-Complex, Library, Computer Center, Hostel, Fully Air-conditioned Student Mess, Administration and Accounts wings. The Academic Complex of IIFM includes Fully air-conditioned hi-tech class-rooms, seminar rooms equipped with video conferencing facilities and a Faculty Block. The award winning architectural design of IIFM's building provides an environment conducive to academic activities, professional deliberations and social interaction

Computer Centre

Computer centre has excellent Hardware and Software resources, which are capable of providing support for diverse computing requirements. Major facilities at the Computer Centre are: Operating System, Office Automation software (Windows 10 & MS-Office2016), Open Source GIS, Statistical analysis tool SPSS & R. Language lab facility provides opportunity to learn new languages by enrolling in the open source MOOC platforms. The centre has HP ProLiant ML 350 G8 and G5 servers for managing Tally 9.0, ERP, Anti-Virus, Internet & Intranet services. The centre also provides Video-conferencing and Skype facilities using dedicated systems. The computer centre has a well-established computer lab with 60 computers for student's access. Internet facility is provided through dedicated NKN Leased line of 100 Mbps & BSNL Leased line with 10 Mbps. The campus is Wi-Fi enabled.

Library and Information Services

The library is an ocean of knowledge and information with a vast collection of books and journals on subjects of environment, development, forestry and beyond. This multi-storied air-conditioned building offers a vast pool of literature to students. Subscription to a number of international e-journals is a key ingredient of the IIFM library. Institutional membership with DELNET as well as continuous updating of resource base and inclusion of publications of current interest is constantly undertaken. A collection of films on forestry, environment, development, livelihood and management are available, the Online Public Access Catalogue (OPAC) facility is available on all terminals connected through LAN. The library has total collection of 42180 volumes and subscription to more than 186 National and International periodicals, a number of CDs and DVDs on various topics of academic interests and subscription to a number of international online databases such as Science Direct (Business Management & Accounting Collection and Environmental Science collection), EBSCO (Business Source Elite and Environment Complete), Prowess, J-gate (Management Sciences), Indiastat and Emerald Marketing: e-journal collection.

Hostel, Guest House & Mess

Three hostel blocks having one hundred and ten fully furnished rooms are available for accommodating boys and girls separately. The hostel rooms are connected with internet facility through LAN and Wi-Fi. The fully air-conditioned student mess is equipped with automated and semi-automated equipment and cooking systems. It is capable of serving about 300 people at a time with nutritious and wholesome food.

Sports Facilities

A wide range of sports facilities are available on campus including Badminton, Lawn Tennis, Table Tennis, Football, Cricket, Basketball, Volleyball, Carrom, Chess and Gym. Intra-Institute sports tournaments are organized regularly and the Institute participates every year in the All India Forest Sports and Games Meet organized by MoEF & CC, GoI. Here at IIFM, every goal scored is applauded and every point won calls for a celebration.

FELLOW PROGRAMME IN MANAGEMENT

Introduction

IIFM is a sectoral management Institute that strives to meet the changing scenario in the forestry, environment, development, management and allied sectors. It is constantly striving to update itself and accordingly respond to the needs of all concerned stakeholders. Given the emerging, and much-needed, emphasis on environmental sustainability, climate change, carbon trading, green finance, corporate social and environmental responsibility, biodiversity conservation and natural resource management, IIFM suitably modifies its focus, activity frame and course structure to successfully meet these needs. All these activities not only require man power, possessing a desired blend of skills pertaining to forestry, environment & development with management science but also need the professional assistance and guidance for capacity building, project implementation and monitoring. Therefore, IIFM through its educational, training, research and consultancy activities has planned to endeavor to meet this emerging need.

The Fellow Programme in Management (FPM), approved by AICTE is meant for people who need specialized knowledge, skills, and attitudes for positions requiring conceptual and visioning skills, the Fellow Programme is an important step in that direction. It is designed to develop and equip students for career opportunity in management education and research in the following faculty areas of specialization:

- Communication and Extension Management
- Ecosystem and Environment Management
- Environment and Developmental Economics
- Financial Management
- Human Resource Management
- Information Technology and Quantitative Techniques
- Marketing Management
- Sociology and Community Development
- Technical Forestry
- Strategic Management

Objectives

The main objectives of the FPM are to:

- (i) develop researchers and scholars in the field of management.
- (ii) facilitate the development of academic/scholarly orientation among participants.
- (iii) create a body of knowledge in the areas of management, natural resource management, environment and development.
- (iv) stimulate research / action research work in the area of natural resource management, environment and allied subjects.
- (v) help create general and specific competencies in teaching, executive education, consulting research, research review and editorship and
- (vi) promote an inter-disciplinary orientation among all participants.

Eligibility

Candidates must not be more than 45 years as on 1st July 2019 and must qualify the following eligibility tracks:

1. A Bachelors Degree with minimum 50 percent marks (absolute), and
2. Masters degree (minimum two years prescribed duration after 10+2+3 years of formal education) in relevant discipline (relevancy has to be decided by the IIFM) with minimum first class including Five year/Four-year Integrated Master's Degree programme and with good academic records.

(OR)

Professional qualification like CA, ICWA, CS with minimum 55% marks (absolute).

(OR)

For IIFM Graduates, who have done PGDFM and IIM graduates who have done PGDM, the minimum OGPA of 3.00 in 4.33 maximum scale, is required.

(OR)

For MRM Post Graduates from IIFM, with 3.00 CGPA.

Note: For those qualifications where the above 4.33 scale is not available, the eligibility will be decided by the Equivalence Committee constituted by the Director, IIFM and its decision will be final.

Admission Procedure

Selection of candidate is through a two stage process –

A. Screening test

Eligible candidates with any one of the following score will be called directly for Presentation and Personal Interview: -

- i) IIM CAT/GMAT (scores of two years old with required cut off) as decided by IIFM
- ii) UGC-CSIR-JRF/NET (Certificate not older than five years) in relevant area of specialisation.
- iii) GATE (Certificate not older than five years)
- iv) ICAR NET (Certificate not older than 2 years)
- v) FRI entrance test for PhD (two years old)
- vi) Candidates who have already obtained a PGDFM from IIFM/PGDM IIM with a minimum of OGPA of 3.00
- vii) Candidates who have obtained MRM from IIFM with 3.00 CGPA.
- viii) All India and allied services officers, officers in scale II of nationalized banks, officers of equivalent rank of PSU.

Candidates who fulfil the required eligibility given above and do not have any of the above qualifying test, but have five years' experience post their respective eligible degree will have to qualify the internal test designed by IIFM.

B. Presentation and Interview

- (i) Candidate will be called to Bhopal for presentation and interview as per the criteria decided by IIFM.
- (ii) Final selection will be based on criteria as decided from time to time by the Institute.
- (iii) Students will be admitted in a specific area of specialization related to the existing faculty areas of the Institute.
- (iv) A maximum of ten students can be admitted each year.

Financial Assistance

A) Monthly Fellowship

All selected students (non-sponsored) will get a monthly fellowship of Rs. 16,000 during the first two years which is incremented to Rs. 19,000 per month for the third and fourth years of the programme. A contingency amount of Rs. 35,000 per annum is provided to each student for the period of four years. PGDFM graduates from IIFM selected for the fellow programme get financial assistance and contingency grant for three years.

This assistance is not available to the sponsored candidates. In case of candidates who get a salary from a sponsor, if the salary is less than the prescribed monthly fellowship, then the difference can be made good from fellowship provisions.

B) Contingency Grant

The students would also be provided (on reimbursable basis) with a contingency grant up to Rs. 35,000/- per year for all the four years (three years for IIFM graduates) for purchasing relevant books, journals, stationery, computer accessories, academic tour and travels, xeroxing expenses, (including attending conferences other than two National and one International conference, registration fees for the conferences) and boarding and lodging expenses as per rules. The unspent amount of the contingency grant in any year may be carried forward till the end of the fourth year.

C) General

The students cannot take any other financial benefits from IIFM, like from research projects from centers of the IIFM or from outside.

The student is required to sign a surety bond and agreement with the IIFM that if he/she discontinues the Fellow programme for any reason, then the entire amount of fellowship and contingency amount received shall be refunded by them.

Hostel and Alumni Membership Fees

The students will be required to pay hostel rent, mess charges (at actuals) and alumni membership as decided by the IIFM from time to time.

Residential requirements

Residential requirements for the first two years are compulsory. Remaining two years will be decided by the Institute on case to case basis.

The Thesis Advisory Committee (TAC) can allow the students to work outside the IIFM campus during third and fourth year, provided the student should not take up any part time or full time job/any other activity not related to thesis. The working executives also have to spend initial two years as fully residential scholar. However, the students are required to come to IIFM during 3rd and 4th year as and when required, if given permission to stay outside/going back to their parent organization for the deputed students.

Caution Money

An amount of Rs. 50,000/- (refundable) to be deposited at the time of joining the course.

Structure of Fellow Programme in Management

The class-room course work is designed to provide an in-depth knowledge in management science, forestry, environment and development management in general, and the area of the specialisation of the student in particular.

The PGDFM first year courses provide grounding to the FPM students in functional areas of management with application orientation in forestry, environment and development context. The PGDFM graduates of IIFM, get exemption from first year FPM courses.

Term-I	Term-I Courses	7.0 Credit Unit (CU)
Term-II	Term-II courses Field Work	7.0 CU 0.5 CU
Term-III	Term-III Courses	7.0 CU

Term Paper (Research oriented project of ten weeks' duration immediately after Term-III)

The first year FPM students are required to take up research oriented project work leading to a term paper, under the guidance of a faculty member from their area of specialization. The students are required to identify the faculty supervisor for this term paper. The same faculty may continue as the thesis guide depending upon the mutual interest. This project will carry 2.0 credit unit equivalence. The evaluation will be internal and criteria for same will be developed by the FPM Committee. The term paper should be publishable quality.

Second Year of (advanced courses, case preparation and finalization, comprehensive examination, initiation and formulation of thesis proposal)

During the second year of the programme, the FPM student will undertake advanced level compulsory and elective courses. In addition to undertaking the above courses, the student will be required to prepare a case. Electives taken up by the student during term IV and V must be from the area of specialization. The details of courses to be undertaken and their credit points during the second year terms are as follows:

Sequential Activity	Description	Credit Units
Term IV	Philosophy of Management	0.5
	Advanced Research Methodology	1.0
	Sources of Data	1.0
	1 Elective Course	1.0
	Term Paper	2.0
	Initiation of case preparation	-
	Total Term IV	5.5
Term V	Philosophy of Science	0.5
	3 Advanced Elective Courses	3.0
	Case Preparation	
	Total Term V	3.5
Post Term V	Comprehensive Examination	
Term VI	• Initiation and formulation of thesis	
	• Thesis proposal defence in seminar	
	• Start of Thesis work	
	Total Credits in Second year	9.0

Comprehensive Examination

After completing the coursework, every student will be required to take the Comprehensive Examination (CE). Passing the comprehensive examination is compulsory for all the students. The main objective of this examination is to test the student's understanding and grasp of the courses in an integral way. The comprehensive examination consists of a test covering the student's major area. It is expected to be conducted after the Term V.

Comprehensive Examination Committee (CEC)

The FPM Chairperson, in consultation with the area faculty will constitute a three member Comprehensive Examination Committee (CEC) and nominate one of the members as the Chairperson. The Chairperson of the CEC takes the responsibility for administering the Comprehensive Examination for a student. To pass the CE, the majority of the committee members should declare the student's performance as satisfactory. The component of the CE could be a combination of written and oral test.

Term VI -Initiation and formulation of thesis proposal

Thesis Proposal Defense seminar

Start of Thesis Work

Minimum academic requirement for taught subjects

It will be governed by FPM Academic Rules and Regulations.

Case Preparation

FPM student is expected to develop a case before the start of term VI based on the preliminary research. The submission of the term paper along with six printed copies of the case to the FPM cell on or before the due date as notified for the same by the FPM cell. The case would be evaluated by the CEC and each student must obtain a satisfactory grade otherwise the case has to be revised till it reaches up to a stage of satisfaction.

FPM student is expected to develop a case during the Second year based on the preliminary research. The case would be evaluated by the CEC and each student must obtain a satisfactory grade otherwise the case has to be revised till it reaches up to a stage of satisfaction.

Third Year Thesis Work, Research /Teaching Assignments

Participation in Research/Teaching work

Each of the students would be expected to provide assistance in research/teaching work of the Institute as a FPM scholar during the third and fourth years of study. This will provide them an opportunity to apply the research skills.

Fourth Year Thesis Work, Research/Teaching Assignments, Pre-thesis submission seminar, Publication of two research articles, Thesis submission and defense.

Thesis

The thesis should be a scholarly work related to contribution to the understanding and resolution of management problems. Thesis should demonstrate professional competence in developing a model or a set of hypotheses, collecting and interpreting data, reaching conclusions, and drawing the implications for research and managerial practice.

Thesis Proposal

Student should start working on the thesis proposal soon after joining the programme. However, every student would be expected to submit the thesis proposal at the earliest after passing the comprehensive examination. The thesis proposal has to be successfully defended by the student in a Seminar.

During the second year, the FPM student should identify, a thesis advisor who will guide him/her as Chairperson in his/her Thesis Advisory Committee (TAC). The FPM Chairperson appoints the TAC in consultation with the thesis advisor.

Change in the Topic of Thesis Proposal after approval.

If a student chooses to change the topic of the thesis proposed, on convincing reasons, Chairperson-FPM can allow the change only once but the student has to go through the whole process of thesis proposal approval again.

Thesis Advisory Committee (TAC)

The TAC consists of three members - Thesis advisor and two other members are from the related areas of specialization. The members are chosen to contribute to the thesis research in a complementary manner and to provide help in literature search, research design, model construction, fieldwork, and data analysis. An expert or an academician from outside of IIFM can also be member of the committee provided he/she has the requisite expertise and interest to advise the student.

If the circumstances demand, including those arising out of inability of any member of TAC to perform the assigned functions, the FPM Chairperson may, in consultation with the Chairperson of the TAC, can reconstitute the TAC.

In case TAC chairperson is likely to be unavailable for a continuously long period of time, the TAC can be reconstituted at any point of time as per the need.

The role of TAC includes the following:

- To advise and give feedback to the student regarding thesis work on continuous basis.
- Judging the adequacy of research design for thesis proposal.
- Attending thesis seminar to be presented by the student and to provide feedback.
- Providing written feedback on the draft thesis submitted by the student.

Thesis Proposal Seminar

When the TAC agrees on the adequacy of the research design, the student will formulate a preliminary thesis proposal and give a seminar on the proposal to the institute's academic community for getting further inputs to strengthen the thesis proposal.

The student should give at least two weeks' notice to the FPM Office for arranging the seminar, in the interest of better participation from the institute's academic community.

Approval and Submission of Thesis Proposal

A thesis proposal is approved only after the student has given the thesis proposal seminar and the TAC concludes that the subject appears researchable in the way it has been proposed. TAC will ascertain that the proposed field work is likely to produce the required data and the analytical methodology if adequately carried out will produce an acceptable thesis, and the student is ready for undertaking full scale research. The student will submit to the FPM Chairperson a copy of the thesis proposal approved by the TAC latest by the end of 2nd academic year (1st academic year for the students who are exempted for the first year courses), failure to stick to the dates (30th March) will be considered as “unsatisfactory performance” and the fellowship will be affected as per rules.

Publication of two Research Articles

Before submitting the draft thesis, students will be required to have at least two-research articles' acceptance for publication in a journal/ conference proceedings based on their research work. This is a pre-requisite for thesis defense.

Students will get credit for presenting and publishing research articles in the national/ international seminars/ conferences.

The joint authorship with the thesis advisor is also acceptable, provided the student should be the first author. The two research articles /acceptance letters will have to be submitted to the FPM cell.

Draft Thesis

The student should submit three copies and soft copy in CD of the approved draft thesis duly signed by the TAC members to the FPM office.

Thesis Seminar

After completing all the requirements and before submitting the final thesis for defense, the student will present a seminar on the research to disseminate the findings to stimulate research work in the area. The seminar also provides an opportunity to obtain feedback from the institute's academic community including the TAC towards better presentation and findings. The student should give at least two weeks' notice to the FPM office for arranging the seminar in the interest of better participation from the institute's academic community.

Final thesis submission

After incorporating all the suggestions provided in the Thesis Seminar/Viva Voce, the student submits the final hard bound thesis (six) copies in black/bottle green/dark blue/marron color hard cover with golden screen/embossed/engraved print on the cover along with soft copy in a CD along with signed forms by all the TAC members to the FPM Office.

Thesis Examination Committee

When a student is ready to submit his/her thesis, The FPM committee appoints the Thesis Examination Committee (TEC), consisting of one member of the TAC (in consultation with the Chairperson TAC) and two eminent external experts, to be taken from experts' list submitted by the TAC Chairperson.

The role of TEC includes:

- ❖ Examining the thesis work
- ❖ Conducting an oral thesis defence examination (any one of the external expert will be invited to conduct the oral examination).

Award of Title

The student shall complete the following requirements before qualifying for the award of the title:

Obtain clearance form from various functionaries of the Institute as per guidelines.

On qualifying for the award of the title, students become eligible to receive the title of "Fellow of the Indian Institute of Forest Management, Bhopal" which will be conferred in the forthcoming annual Convocation. A Provisional Certificate can be given on the student's request to this effect after approval of the Faculty Council .
