PLACEMENT REPORT 2020-22

Post Graduate Diploma in Forestry Management

Placement Overview

- The placement process at IIFM Bhopal for both PGDFM and PGDSM batches was conducted in January 2022. Before entering the placement season, the students were engaged in two rounds of internship, one in Summer 2021 and the other in Winter 2021, with some students earning PPOs from their respective organizations.
- To ensure a smooth and transparent process for the companies, some important measures were taken. Firstly, a slotting exercise was done to democratically decide when a company would come in the placement process. For the slotting exercise, inputs from both the students, recruiters, and placement committee were taken onboard to ensure that all stakeholders are satisfied with the process.
- At IIFM, there is a strong culture of experiential learning, as students supplement their academic learning through corporate engagement. IIFM has hosted over 50 business leaders, both virtually and on campus, to facilitate learning for students. IIFM believes in experiential learning, engaging the students in regular field visits and exposing the students to two internships.
