Director's Message

"The Indian Institute of Forest Management (IIFM), Bhopal, is a leading sectoral management institute in India. As an autonomous institute under the Ministry of Environment, Forest, and Climate Change, Government of India, IIFM has provided leadership in professional forestry management focused on environmental conservation and sustainable development for over four decades. It is committed to promoting a sustainable lifestyle and contributing to the creation of an additional carbon sink by enhancing forest and tree cover. Our 230-acre campus, situated atop a hill, boasts natural and man-made forests, grasslands, and award-winning architecture in our academic blocks and student hostels, creating an unparalleled educational experience.

IIFM offers two-year master's level programmes: the Masters of Business Administration in Forestry Management (M.B.A FM) and the Masters of Business Administration in Sustainability Management (M.B.A SM). The curriculum encompasses sectoral areas such as business responsibility and sustainability, nature-based solutions, forestry, ecosystem and environmental management, community management, rural livelihoods, corporate social responsibility, climate action, carbon markets, and financing.

Designed to meet the challenges of our ever-changing world, the curriculum and pedagogy provide students with the flexibility to choose elective courses that align with their career aspirations, enabling them to focus on various functions in the environmental sphere while maintaining a holistic perspective. We firmly believe that our approach equips students for future leadership roles in the sector.

The M.B.A (FM) and M.B.A (SM) courses are taught by a multi-disciplinary team of faculty and experts from diverse fields, including finance, marketing, human resources, and strategic management, as well as niche areas such as carbon finance, sustainable development, agro-forestry, and biodiversity conservation. We have a proud tradition of creating opportunities for students to engage regularly with experienced practitioners through immersive field and project work.

Additionally, our students intern with a wide array of organizations, ranging from international multilateral agencies and state/central government organizations to NGOs, consulting firms, industries, and the corporate sector. Students gain invaluable insights from these experiences, complemented by the knowledge shared in classroom sessions.

Over the years, these programmes have produced highly successful alumni who are leaders in industries, government, international organizations, premier academic institutions, and the corporate and development sectors. Many have also become successful entrepreneurs. It is with great pride and joy that I introduce our 37th batch of M.B.A (FM) and the 6th batch of M.B.A (SM). I extend a warm welcome to your esteemed organization and look forward to hosting your team on our campus for placement interviews."

Dr. K. Ravichandran, IFS
Director, IIFM

Career Development Cell - Chairperson's Message

The post-graduate programmes at the Indian Institute of Forest Management have continuously evolved to serve both the industrial and development sectors. Our multidisciplinary faculty members, who have diverse roles in policy formulation and research, effectively bridge campus learning with practical application. Leading industries frequently engage with our institute for important assignments, enabling students to acquire practical skills through field attachments and classroom discussions.

The managerial talent nurtured at the institute is selected through a rigorous national-level entrance process that examines candidates' aptitude for the sector. Each cohort is composed of students from various states and diverse ethnic backgrounds. The institute emphasizes the importance of understanding various forms of capital to thrive in the challenging business environment.

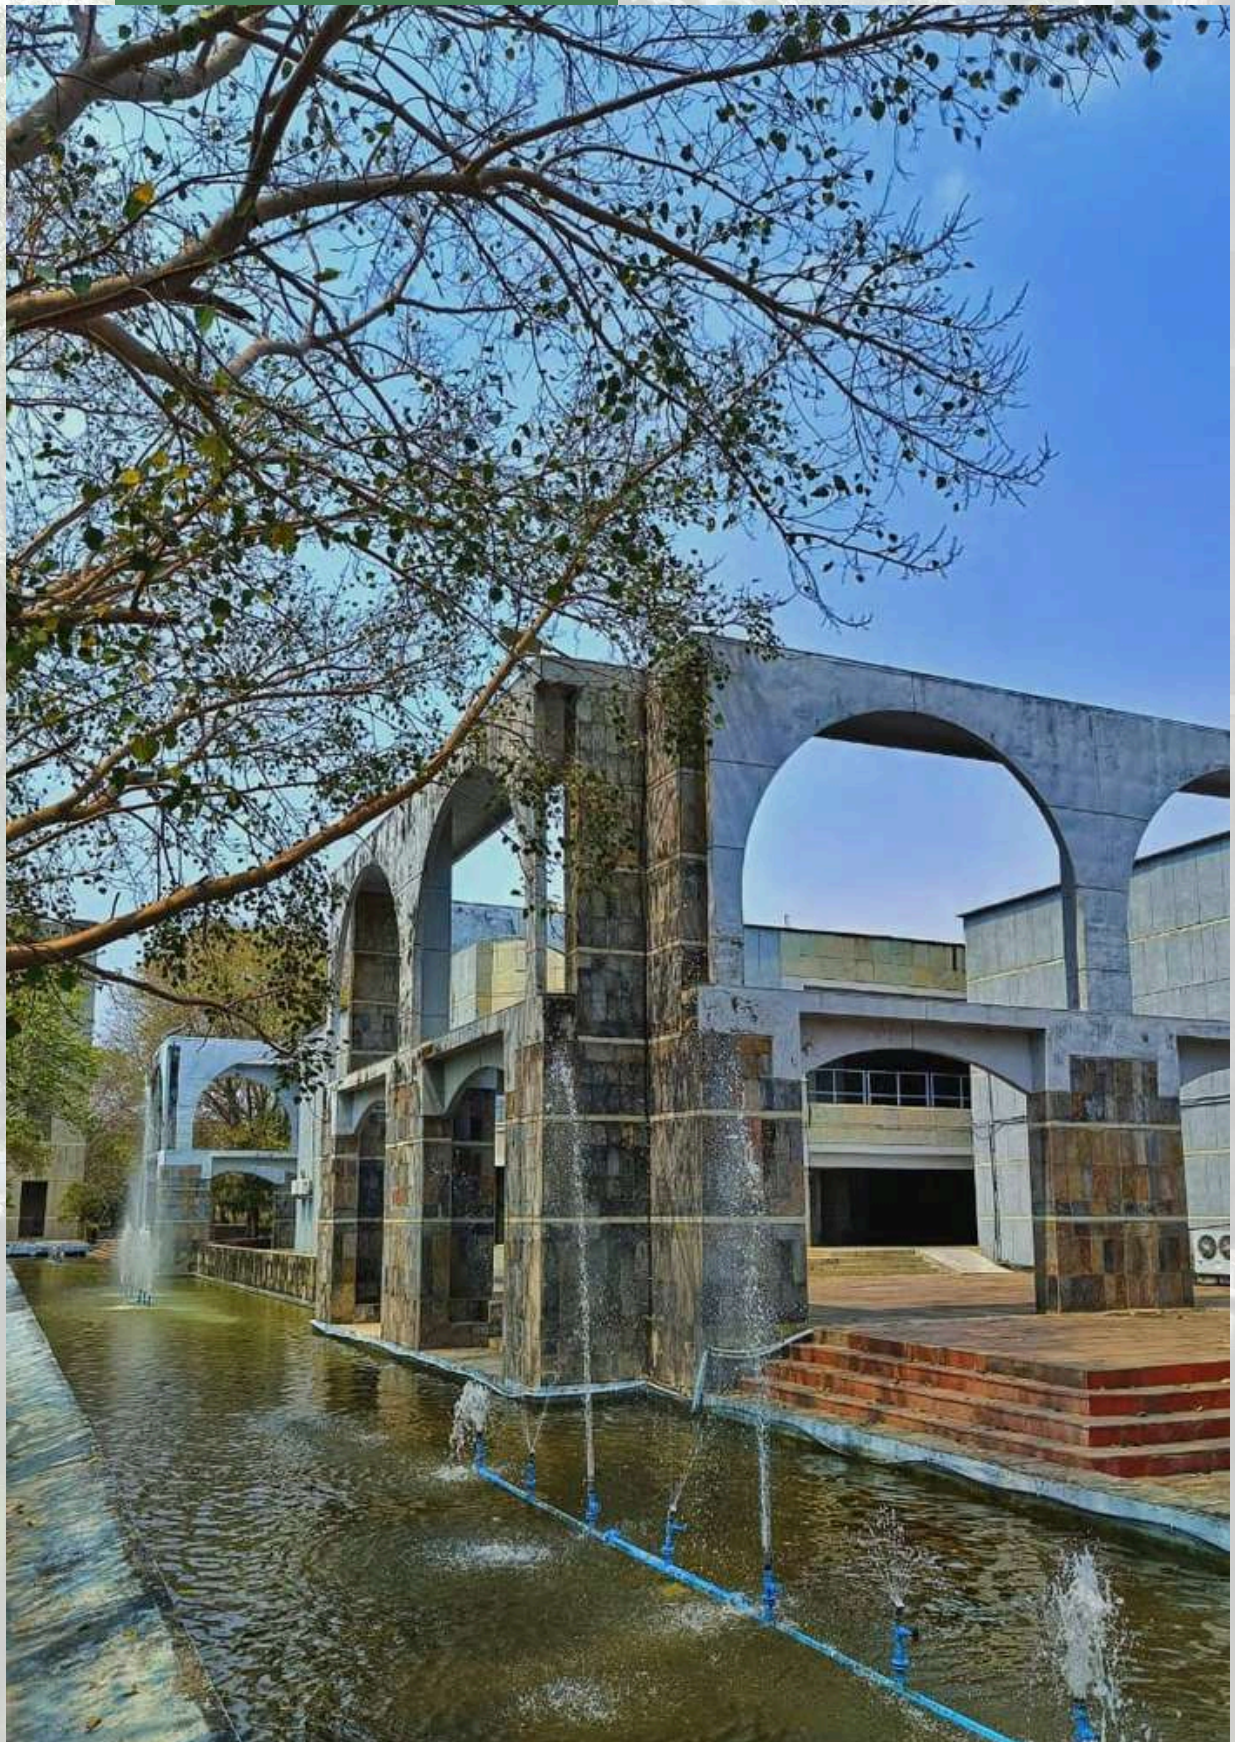

Over the last four decades, our students have achieved success in numerous sectors. Our alumni, both in India and globally hold positions of responsibility, underscoring the strength, uniqueness, and relevance of our M.B.A (FM) and M.B.A (SM) programmes. The institute presents the current batch of students from the M.B.A (FM) and M.B.A (SM) programmes for the campus recruitment process. Our team will be happy to engage and host you for placements..

Dr. Parul Rishi, Ph.D.
Chairperson, Career Development
Cell (CDC)

Dr. Anand Hindolia
Head, Summer Internship, CDC

About IIFM

In 1982, based on the recommendations of the National Commission on Agriculture, the Indian Institute of Forest Management (IIFM) has been a leader in natural resource management and sustainability. The institute's philosophy and *raison d'être* were developed in collaboration with the Indian Institute of Management, Ahmedabad, while the Swedish International Development Agency provided financial and technical support for its establishment. Since its inception, IIFM has attracted some of the brightest minds in the field, continually raising the standards of excellence in natural resource management and sustainability.

VISION

To be among the leading international institutions in the area of environment, forest and development management and be respected, both nationally as well as internationally, for its outstanding contributions in the fields of education, training, research, consultancy and thought leadership

MISSION

- Serve stakeholders in environment, forestry, and development through knowledge dissemination, education, and policy support.
- Establish a national institution with global perspective and outreach.
- Cultivate a culture of excellence, cooperation, and ethics based on universal values.

CENTRES OF EXCELLENCE FOR RESEARCH

1. Centre for Forest-Based Livelihoods and Tribal Studies
2. Centre for Forest Hydrology
3. Centre for Sustainable Forest Management & Forest Certification
4. Centre for Human-Wildlife Conflict Management
5. Centre for Corporate Social Responsibility
6. Centre of Excellence for IIFM-Industry Interface for Sustainable Development
7. Centre for Climate Change Studies
8. Centre for Ecological Services Management
9. Centre for Policy Studies
10. Geo-Informatics Centre for Forestry, Climate Change and Livelihood Support
11. International Centre for Community Forestry
12. Centre for Forest Landscape Restoration

Research

The institute diligently pushes the boundaries of practical research in development, environment, forestry, and natural resource management. Its unwavering commitment is to serve as a leading institute in natural resource management. A multitude of national and international organizations, such as the Ministry of Environment, Forest and Climate Change, Department of Science and Technology, Ministry of Textiles (GoI), State Forest Departments, ITTO, FAO, IDRC, DFID, Ministry of Rural Development (GoI), UNDP, GIZ, and World Bank, have provided funding for its research projects.

Consultancy

The institute offers consultancy services in forestry, environmental studies, and natural resource management, leveraging the diverse expertise of its faculty. These consulting services cater to a wide clientele and encompass various disciplines such as green infrastructure development, ecosystem services, wildlife research, socio-economic analysis, impact assessment, entrepreneurship support, human resource management, finance, and forest certifications.

Training/MDP

In the ever-evolving socioeconomic landscape, it is imperative for managers and administrators to continuously refine their skill sets. The institute offers a range of action-oriented Management Development Programmes (MDPs) tailored for managers, foresters, and policymakers across governmental, non-governmental, and forest-based sectors in India and other Asian countries.

International Linkages

IIFM frequently engages in various international endeavors, including participation in international symposia and workshops. Moreover, it has collaborated on academic initiatives with esteemed organizations such as the UNCCD, ITTO, FAO, UNDP, USFS, IDRC, GIZ and the World Bank, etc.

INFRASTRUCTURE

Campus

The architectural layout of the IIFM campus draws inspiration from the historic town of Mandu, earning architect Anant Raje a prestigious national award for his design. Encompassing 230 acres, the campus rests atop a verdant hill, enveloped by water bodies on three sides, boasting a rich variety of flora and fauna. Key structures within the campus comprise the Academic Building, Library, Computer and GIS Centre, Hostel, Student's Mess, and the Administration and Accounts wings. The Academic Building at IIFM features modern classrooms and seminar rooms equipped with advanced video conferencing capabilities.

Founded in 1982

The campus spans 230 acres of lush, verdant landscape

Library and Information Services

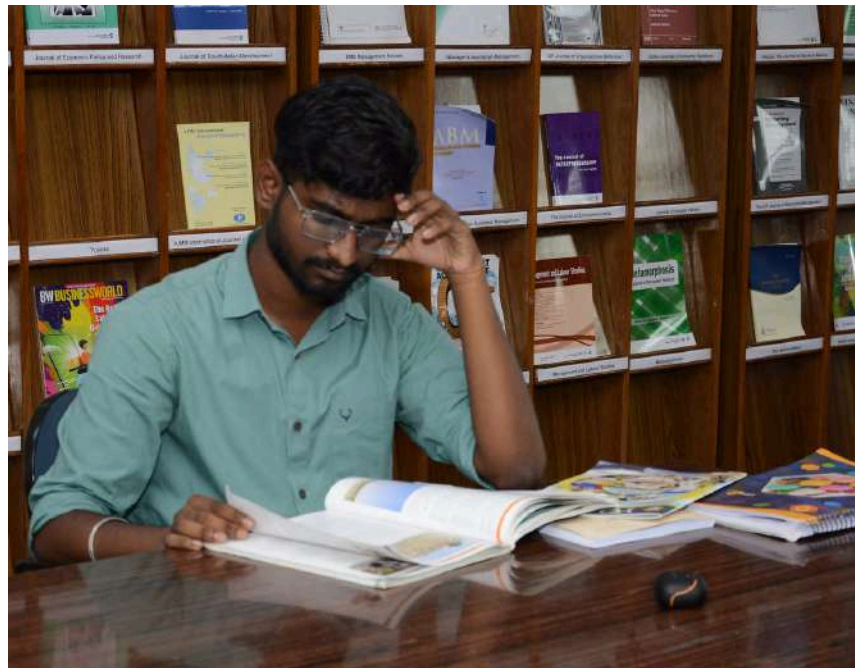

The "Vidya Bharti" library at IIFM offers a wide range of knowledge resources and modern information services, featuring both current print and digital collections.

Hostel and Mess

The institute provides residential facilities to all students within campus. Student committee runs the mess facility.

Sports Facilities

IIFM offers a variety of sports facilities on campus, including badminton, lawn tennis, table tennis, cricket, football, volleyball, basket ball, carrom and chess. Students also have access to a modern gym with advanced equipment.

Why Recruit Us?

Intellectual Capital

The M.B.A (FM) and M.B.A (SM) programmes at IIFM provide a meaningful curriculum and diverse experiences, shaping leaders who can tackle environmental, economic and social issues confidently. IIFM's unique teaching approach combines academic rigour with social awareness, developing professionals skilled in creating sustainable value in changing business environments.

Industry Relations

At IIFM, bridging the gap between theoretical knowledge and practical applications is paramount. Through initiatives like campus interactions and alumni engagements, students engage with industry experts across various sectors.

Practical Exposure

The hands-on experience through summer internships, field immersion programmes and project works play a pivotal role in developing professionals with versatile business acumen.

Cultural Exposure

IIFM cultivates a culture of collaboration, inclusivity and warmth through interactions among students hailing from over 20 states and union territories, alongside faculty members with diverse specializations.

Add-on Engagements

Through a variety of clubs and committees, students get opportunities to engage and refine their leadership and managerial skills. This rich culture at IIFM, characterized by diverse perspectives, a wealth of ideas, and unwavering passion for purpose, equips students to excel in any path they choose to pursue.

Programme Structure

M.B.A (FM)

TERM 1

- Quantitative Techniques
- Managerial Computing
- Accounting for Managers
- Marketing Management
- Foundations for Forest Management
- Society & Polity
- Critical Thinking
- Soft Skills
- Ethos of Conservation

TERM 2

- Financial Management
- Micro Economic Analysis
- Business Communication
- Organisational Behaviour
- Supply Chain Management
- Climate Change Adaptation & Mitigation
- Design Thinking
- Emotional Intelligence

TERM 3

- Foundations of Sustainable Development
- Macro Economic Policy & Analysis
- Management Information Systems
- Research Methods & Business Analysis
- Human Resource Management
- Ethics
- Leadership
- Strategic Management

TERM 4

Laws & Conventions of Forest & Biodiversity, Entrepreneurship

ELECTIVES (ANY 5)

Advanced Data Analysis, Commercial Banking : Credit Analysis, Risk Management & Marketing, Climate Finance and Carbon Markets, Corporate Social Responsibility and Governance, Ecosystem Approach to Forest Management: Concepts and IT Innovations, Integrated Water Resource Management, NRM for Rural Development, Project Management, People, Parks and Wildlife, Renewable Energy Management, Sustainability and Green Marketing, Social Impact Assessment

TERM 5

ELECTIVES

Disaster Risk Management, Forest Landscape Restoration, Financial Modelling Using Excel, International Business Impact Evaluation, Metrics, Assurances, Integrated Reporting & Responsible Performance, Rural Adaptation Strategies, Sustainable Finance, Applied Agroforestry, Marketing Intelligence & Marketing Analytics Economic Modelling for Forest and Environment, Eco-tourism and Nature Conservation, Wildlife conservation and Management, Communication for Development, Business Analytics, Rural Marketing and Development

FIELD WORK (4 WEEKS)

The fieldwork segment of the programme is structured to achieve the following objectives:

- Offer direct exposure to organizational operations
- Establish connections between theoretical classroom knowledge and practical management scenarios
- Facilitate learning through hands-on experience in the operational dynamics of forest management

PROJECT WORK (8 WEEKS)

Engaging in project work allows students to focus on sectors or industries of personal interest, fostering an environment where they can refine their skill sets to meet specific industry requirements effectively.

SUMMER INTERNSHIP (10 WEEKS)

The Summer Internship holds significant importance within the M.B.A (FM) programme, offering students a chance to engage with real-world scenarios and diverse professional settings. Students are placed in a variety of entities, including corporate sector, government agencies, and national and international development organizations, to undertake individual projects. Yearly, a considerable number of organizations partake in the Summer Internship programme. This year, IIFM facilitated a diverse array of organizations from various sectors, enriching the internship experience for students along with meaningful contributions to organizations.

M.B.A (SM)

TERM 1

- Principles of Sustainability
- Business Communication
- Business Research Methods
- Financial Accounting
- Managerial Computing
- Managerial Economics

TERM 2

- Decision Methods
- Marketing Management for Sustainability
- Development & Business Ethics
- Governance, Policy & Legal Issues in Sustainability
- Financial Management
- Systems & Design Thinking in Sustainability
- Stakeholder Engagement and Materiality Assessment

TERM 3

- Environmental Economics & Green Accounting
- Green Operations & Supply Chain Management
- Strategic Management
- Business Certification & Audits for Sustainability
- Geo-informatics for Designing Sustainable Solutions
- Climate Change: Sustainable Energy & Carbon Management
- CSR & Sustainability Reporting
- Consumer Behaviour

TERM 4

Measuring Sustainability & Aligning SDGs, Environmental Finance & Sustainable investment

ELECTIVES

Applied Econometrics for Data Analysis, Carbon Accounting, Circular Economy & Sustainable Business Practices, Climate Finance and Carbon Markets, Change Management for Sustainability, Carbon Nexus : Uniting Ecosystems for Climate Resilience, Communication for Personal and Leadership Effectiveness, Data Science for Earth Observation

TERM 5

ELECTIVES

Sustainable Innovation and Entrepreneurship, Leadership for Sustainable Development, ESG for Corporate Sustainability, International Business Metrics, Assurances, Integrated Reporting & Responsible performance, Nature Based Solutions, Waste Management and Circular Economy, Marketing Intelligence & Marketing Analytics, Economic Modelling for Forest and Environment, Eco-tourism and Nature Conservation, Communication for Development, Business Analytics

FIELD WORK (2 WEEKS)

The fieldwork segment of the programme is structured to achieve the following objectives:

- Offer firsthand exposure to organizational operations
- Establish connections between classroom theoretical learning and practical management scenarios
- Facilitate experiential learning by immersing students

INDUSTRY PROJECT WORK (8 WEEKS)

Industry project allows students to focus on specific sectors/ industries aligned with their preferences. It offers students the opportunity to develop and improve their skills to meet the requirements of the sector they aspire to be part of.

SUMMER INTERNSHIP (12 WEEKS)

The Summer Internship serves as a crucial component of the M.B.A (SM) programme, offering students a chance to engage with real life scenarios and diverse work settings. Students are assigned to a variety of entities including corporate sector, governmental bodies, and national and international development agencies to undertake independent projects. Each year, a considerable number of organizations actively engage in the Summer Internship programme. Notably, this year, IIFM welcomed a diverse array of organizations spanning multiple sectors.

Student Clubs & Committees

The Literary Club (Meraki)

The Club orchestrates a diverse range of stimulating events, including Poetry Throwdowns (Nazm-E-Nama), Debates, and Turn Coat challenges, designed to enrich students' public speaking abilities and nurture creativity.

Nature and Photography Club

The club organizes a variety of engaging activities such as nature walks, birdwatching excursions, community clean-up initiatives, and photography competitions.

Sports Club (Samarthya)

The sports club at IIFM cultivates core values such as teamwork, integrity, and respect, fostering a spirit of inclusivity and discipline while encouraging personal growth and a commitment to excellence.

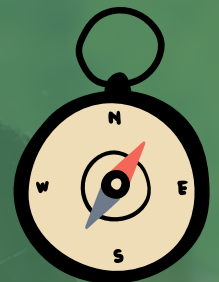

Cultural Club (Umang)

They enrich life with vibrant events such as Ghazal Night, Garba, Talent Hunt, Indian festivals and the annual cultural fest Kalpataru, all celebrated with joy and enthusiasm.

Adventure Club (Zest)

The club advocates for pushing beyond one's comfort zone to foster courage and resilience, equipping members for exciting adventures in the vast wilderness.

Entrepreneurship Development Cell

The EDC serves as the backbone of IIFM's management ecosystem, empowering students to transform their ideas into successful ventures through diverse opportunities and support, in collaboration with the institute's incubation center.

Dramatics Club (Pratibimb)

The club bestows upon students a set of enchanted wings, empowering them to excel by nurturing their confidence, creativity, empathy, teamwork, and communication abilities.

Community Outreach Club (Sankalp)

This club is dedicated to community outreach through social service, promoting a culture of compassion and empathy while advocating for kindness and mutual understanding.

Climate Change and Environment Core Competency Cell (C2EC3)

The C2EC3 serves as a reservoir of intellectual prowess, uniting distinguished leaders, experts, and alumni who are establishing high standards within this domain.

Alumni Network Committee

Through ANC, students continuously interact with alumni to keep themselves updated on the recent advances in the sector.

Public Relations Cell

The Cell oversees media relationships by covering a range of events, preparing press releases, managing social media accounts, and designing campaigns.

Swaruchi - Mess Committee

The Mess Committee at IIFM, with active student participation, manages cuisine, menus, finances, market research, and festive feasts, offering members hands-on experience each term.

Academic Club (Vedam)

The club provides a myriad of educational activities that go beyond conventional curricula, offering an enriching learning experience.

Testimonials

Arshi Adil, M.B.A (FM) 2013-15

Current: MPA, Data and Research Management
Track, Harvard Kennedy School
Previous: Senior Manager, Microsave Consulting

“The rich curriculum guides the students to develop strong data analysis and research skills and nourishes the overall potential of students so that they contribute effectively in their choice of career.”

Lalit Kumar

**DVP and Cluster Head -Business
Banking, HDFC Bank**

“IIFM through its distinctive curriculum offers an unmatched blend of conventional management education conjugated with ever changing modern requisites. The pedagogy is exceptionally devised to prepare growth-oriented management professionals keeping sustainability at the forefront.”

Jayant Prakash

**Director – Business Consulting
Ernst and Young LLP, India**

“IIFM provides a unique blend of business acumen, social sensitivity and environmental responsibility through a well-balanced academic and field- oriented curriculum. Special emphasis on imbibing cutting edge technology in relevant areas make it sparkle further. No surprise, the students always have a fresh perspective to offer when they align themselves with the developmental goals of ambitious and innovative organizations.”

Ms. Himshweta Gogoi

**Manager- ESG,
Indus Towers**

“My journey at IIFM has helped me to begin a successful and fulfilling career as a Sustainability professional. As a student of the first batch of Sustainability Management, I was given enough freedom and guidance to select industry relevant electives that helped me in delivering fruitful projects in my current organization. Besides quality education, IIFM also provides a great platform to hone one’s interpersonal skills.”

Academic Background

Work Experience

Aaditya singh

B. Sc. (Agriculture and Food Business)

Aaditya wants to leverage his academic background in agriculture and professional experience in development, FMCG, and agriculture sectors to contribute effectively in the fields of forestry, rural development, and sustainability. He is seeking a dynamic role where he can apply his knowledge of sustainable and modern agricultural practices, rural livelihoods, and market linkages to promote environmental stewardship, enhance community development, and support long-term sustainable growth in rural and forested areas.

Technical Skills: MS Office, Canva, Report writing, Market Research, Product Development, Tendering, SPSS

Soft skills: Public Speaking, Decision making, Team Player, Leadership, Customer handling & Communication, Emotional Intelligence.

Languages known: English, Hindi, Spanish

Work Experience: 21 Months

Achievements:

- Core Member of Summer Internship Committee, IIFM
- Coordinator(Interim), Alumni Network Committee, IIFM.
- Won a gold medal for working as a team member in the event held by Intellicap, IIFM.
- Employee of the Month during my internship at Orgadiet Organic.
- Led product development team at KVK in collaboration with rural communities to manufacture FMCG products (Under government scheme AYUSH).
- Worked as a team player and leader for creating and new product of Agri-input at Greenium.
- Lead Exhibitions in various events held in the Delhi NCR region.
- Led sales and Tendering in Uttarakhand along with building relations with government and private organizations.

Aakash Bajpai

B. A. (Social Sciences)

Aakash is a results-driven and multifaceted professional with a strong academic background in Social Sciences and Forestry Management. He is a published researcher with articles and speeches featured in esteemed journals, newspapers, magazines, radio, and YouTube. He is adept at communicating complex ideas through engaging writing and public speaking. As a qualified musician, he brings creativity and passion to his endeavors. With a unique blend of analytical and artistic skills, he excels in interdisciplinary environments and policy matters, driving innovative solutions and effective collaborations.

Technical skills: MS Office, Power BI, SPSS, LiGRE, Canva, Music, Photography, Report Writing, Content Writing, Academic Writing

Soft skills: Analytical, Public Speaking, Communication, Leadership, Inclusivity, Adaptability, Relation Building

Languages known: English, Hindi, Marathi

Work Experience: 2 Months

Achievements:

- Research Paper: Published research on Policy Analysis of Lucknow Metro in EPW (Scopus-indexed) which is cited by the National Herald, and indexed in the Library of Parliament of India.
- Speeches: Delivered 3 speeches on All India Radio and certified on behalf of the President of India.
- Articles: Published 19 articles in The Hindu and 1 in Down To Earth on diverse issues.
- Entrepreneur: 'LearnitWrite' - Started up a Firm to educate amateur writers about Publication.
- Member: Alumni Network Committee and Entrepreneurship Development Cell.
- Head of Music Committee, Harvest (Led a team of 10+ people and increased participation by 200%.
- Member of Organizing Team, National Rural Youth Festival (Secured Sponsorship for the event).

Abhay Anil

B. Tech (Civil Engineering)

Abhay Anil is seeking a challenging role where he can drive meaningful change and contribute to sustainable goals

Technical: MS Office, Basics Spss, Canva, AutoCAD, STAAD

Soft skills: Time management, Communication

Languages known: English, Hindi, Malayalam

Work Experience: 1 Month

Achievements:

- Indian Green Building Council Student Chapter (2020-23)
- Core Member of Sankalp: The Community Outreach Club
- Indian Concrete Institute student member (2020-23)
- Selected for the U-14 District Cricket Team, winning a Kerala regional tournament for my school, with further experience in college tournaments.
- Achieved First Place in the State at the National Sports Olympiad.

Abhi Bose Haldar

B. Com

Abhi wants to work in CIFOR, Jungle Lodges and Resorts, and JK Paper Ltd to make himself understand how they earn revenue from their operating activities and make myself intact with their day-to-day activities.

Technical Skills: MS PowerPoint, MS Word

Soft skills: Good Communication, team spirit, Instant Thinking

Languages known: English, Hindi, Bengali

Work Experience: 6 Months

Achievements:

- Cambridge English Speaking,
- Industrial visit to Vardhaman Textile
- Virtual product marketing

Abhishek Sharma

B. Com. (Hons.)

Abhishek is a Recent Forest Management graduate seeking to apply his skills in sustainable forestry, conservation, and ecosystem restoration to promote environmental stewardship and community engagement.

Technical Skills: Finance, Microsoft Excel, Accounting

Languages known: English, Hindi

Work Experience: 2 Months

Achievements:

- Tarang 2022-2023(Cultural Event - Iehe)
- Secretary Cultural Events (Commerce Society - Iehe)
- Discipline Head (Commerce Society - Iehe)
- Tarang 2023-2024 (Cultural Event - Iehe)

Akanksha Kumari

B. Sc. (Forestry)

Akanksha is an aspiring forestry graduate passionate about sustainability and climate change, focused on consulting and carbon markets. Eager to develop innovative solutions for carbon sequestration, forest management, and environmental conservation, driving positive change.

Technical skills: Word, Powerpoint, Excel, C, C++, Canva, Access, ArcGIS, ERDAS

Soft skills: Time management, Teamwork, problem-solving, adaptability

Languages known: English, Hindi

Work Experience: 1 Month

Achievements:

- During my undergraduate years, I served as an NSS volunteer for two years. My responsibilities included community engagement and building connections for community service. Additionally, I researched the foliar disease of Sissoo. As part of the Forest Work Experience program, I collaborated closely with Forest Departments for habitat assessment. I have also conducted village surveys and received training from JC Antiques & Crafts, a furniture industry in Jaipur. Furthermore, I participated in maintaining a forest nursery and processing medicinal and aromatic plants through an Experiential Learning Program.
- Core Member Of Nature And Photography Club (Social Media Manager), IIFM
- Core Member of Editorial Club(Social Media Manager), RLBCAU

Akash Kumar Gupta

B.Com Hons. (Financial Marketing Management)

Akash wants to leverage his foundational knowledge in commerce and ongoing MBA studies to secure a challenging position in a dynamic organization, where he can apply his analytical, financial, and strategic skills to drive business growth and development while continuing to learn and grow professionally.

Technical Skills: MS Office, Canva, SPSS

Soft Skills: Creativity, Teamwork, Collaborative, Relationship Building, Adaptability.

Languages known: English, Hindi

Work Experience: 1 Month

Achievements:

- Core member of Meraki the literary club of IIFM
- Updated data entries of sales in Tally ERP 9

Anand Mishra

B. E. (Electrical & Electronic Engineering)

Anand seeks a role where he can apply his expertise in data wrangling and strategic problem-solving to drive data-driven decision-making, improve operational efficiency, and deliver innovative solutions that contribute to organizational growth.

Technical Skills: MS Office (Word, PowerPoint, Excel), SPSS, ETL Tool, Cloud Computing, Jira, SQL, Power BI, Power Query, ServiceNow, Data Mapping.

Soft Skills: Communication, Adaptability, Collaboration.

Languages known: English, Hindi, Bundelkhandi

Work Experience: 44 Months

Achievements:

- Participate in the yearly Marathon organized by TCS. Participated in Tech-fest organized by colleges.
- Won festival competition organized at IIFM.
- Member, Meraki(Literary Club), IIFM, Bhopal.
- Event Coordinator, Tech fest PLANET ENGINEER" S, LNCT,
- Member, Cultural Fest SRISHTI, LNCT, Bhopal

Anand Ramesh

BBA (Human Resource Management)

Anand is a passionate Forest Management student eager to lead and implement meaningful initiatives in forestry and other related sectors and seeking opportunities to contribute.

Technical Skills: MS Office (Word, PowerPoint, Excel), Canva, SPSS (Basic), Photoshop (Basic)

Soft Skills: Communication, Leadership, Adaptability, Resilience

Languages known: Malayalam, English, Hindi, Tamil

Work Experience: 7 Months

Achievements:

- Core member, Placecomm (Placement committee), IIFM.
- Core member, Swaruchi (Mess committee), IIFM.
- Class Representative (Term 1), IIFM.
- Coordinator College Fest, PCAS

Ankur Mohan

B. A (Psychology)

Ankur is seeking to merge psychological insights with strategic forestry practices to contribute effectively to environmental conservation and sustainable management initiatives. Eager to apply behavioral science principles and interpersonal skills to drive impactful project

Technical Skills: MS OFFICE (Word, PowerPoint, Excel), Basic SPSS,

Soft Skills: Effective Communication, Adaptability, Leadership, Teamwork, Problem Solving

Languages known: English, Hindi

Work Experience: 6 Months

Achievements:

- Core Member, Summer Internship Committee, Indian Institute of Forest Management.
- Head Prefect of the Student Representative Committee at Maharshi Patanjali Vidya Mandir
- Class Representative at Dr. Bhim Rao Ambedkar College, University of Delhi

Anushka Rathore

B. Sc. (Hons. Agriculture)

Anushka wants to obtain a role in wildlife and forest conservation, to apply her expertise in environmental conservation, ecological research, and habitat management. The primary goal is to support conservation efforts and promote sustainable practices for wildlife and forest conservation.

Technical Skills: Microsoft Office (MS Word, MS Excel, MS PowerPoint), SPSS, Canva.

Soft Skills: Communication, Presentation Skills, Adaptability.

Languages known: English, Hindi

Work Experience: 1 Month

Achievements:

- CMAT-2023-AIR 3146

About Bhopal

Known as the City of Lakes, Bhopal serves as the capital of Madhya Pradesh. Despite undergoing industrialization, Bhopal has managed to preserve its historical allure. The older section of the city boasts quaint narrow alleyways and bustling markets, whereas the modern area is meticulously designed, adorned with parks and gardens.
